DANA NESSEL
ATTORNEY GENERAL

July 3, 2019

Kennedy Shannon

Detroit, MI

Dear Ms. Shannon:

Thank you for your recent letter expressing concerns about the Make Your Date program. You identify yourself as a former assistant director for the City of Detroit Office of Grants and Development, and assert that city officials have attempted to hide information concerning the relationship between the Mayor and persons associated with the program. You further indicate that you have first hand knowledge of fraud and mismanagement of federal funds by city officials.

You note in your correspondence that you have been in contact with the City of Detroit Inspector General with these same concerns. I reached out to that office, and was advised that they do in fact have an open file on this matter. Since the Inspector General is already looking into your assertions, this office will defer to their actions.

I provided a copy of your letter to the Detroit Inspector General. I suggest that you follow-up with that office.

Sincerely,

A handwritten signature in blue ink, appearing to read "Richard Cunningham".

Richard Cunningham
Division Chief
Criminal Division
